

## **1. Authorization for ACH Debits (Payments)**

By providing your bank account information and clicking “Make Payment,” you authorize **Atlas Credit** and its bank or payment processor to initiate a one-time debit entry to the bank account you have designated, in the amount and on the date you specified on the payment screen. This authorization applies only to the specific payment you have scheduled and does not authorize recurring or future payments.

You represent that you are an authorized signer on the designated bank account and have the authority to authorize this transaction. You agree that the ACH debit will be processed in accordance with the rules of the National Automated Clearing House Association (NACHA), your depository institution’s rules, and applicable federal and state law.

If a payment date falls on a weekend or bank holiday, your financial institution may post the debit on the next business day. You must ensure that sufficient funds are available in your account on the payment date. If your payment is returned or rejected for any reason (including insufficient funds, closed account, or incorrect account information), we may: (a) reverse any related credit to your loan, (b) charge any applicable fees permitted under your loan agreement and by law, and (c) require that future payments be made by certified funds or another method we approve.

You acknowledge that the amount applied to your loan may differ from the amount debited from your account if additional fees, interest, or other charges have accrued under your loan agreement. Any questions about how payments are applied should be directed to our customer service team at 903-593-6195 or [info@atlascredit.com](mailto:info@atlascredit.com).

## **2. Authorization for ACH Credits (Deposits / Cashback)**

By providing your bank account information and clicking “Confirm” on the Receive Cashback screen, you authorize Atlas Credit and its bank or payment processor to initiate a one-time ACH credit to the designated bank account in the amount shown on the screen. This authorization applies only to the specific deposit you have requested and does not authorize recurring or future deposits.

You represent that you are an authorized signer on the designated bank account and have the authority to receive funds into that account. You understand that ACH credits are subject to NACHA rules, your depository institution’s rules, and applicable federal and state law. Timing of the deposit

may vary; most credits are posted within 1-3 business days, but your bank's processing times may differ.

If the ACH credit is rejected or returned for any reason (including closed or invalid account information), we may cancel the deposit request and, if applicable, issue funds to you by another method permitted under your loan agreement or applicable law. We are not responsible for delays or losses caused by incorrect or incomplete account information that you provide.

### **3. Verification and Changes**
